CREATIVITY...IS JUST HAVING ENOUGH DOTS TO CONNECT.

MATH MANIA

How are multiplication and division related? This is a key concept we'll explore in our math unit by solving algebraic equations and looking for patterns. We'll also be using our knowledge of operations to solve multi-step word problems. Later in the unit we will use that understanding to solve real life area and perimeter challenges. Students will soon realize that a true understanding of multiplication and division goes beyond memorizing the facts. Are you looking for math practice at home? Have your child share www.tenmarks.com with you to review and extend concepts covered in class. The video feature and helpful hints are tools available for extra support.

PLEASE ENCOURAGE YOUR CHILD TO VISIT TENMARKS.COM. INDIVIDUAL LOGIN INFORMATION IS IN YOUR CHILD'S PLANNER.

WRITING CONNECTIONS

In marking period two we will be reading and writing informational text with a focus on Cultures Around the World. During the research process, we will determine the main idea of our reading while using text features and search tools. Then to convey our ideas, we will develop a topic with facts and details in paragraphs format. There are some creative projects during

this unit related to Ancient China. I encourage you to highlight nonfiction text at home too.

DIGITAL EXHIBITION

Thank you for joining in our celebration. As you can see, your children are working hard. The students have had a chance to use todaysmeet.com in class too. Your attendance says a lot about your support and interest in the education of your child.

Note from Miss D:

Hi Friends and Families of Room 4! As a part of my assignments for my program, I am here to inform you about a few resources to find quality children's literature for your child. When searching for a book for your child there are a few things to consider, such as:

- Word Choice
- Student Interest (favorite character, author or genre)
- Writing Style

To help your child stay motivated to read,

- Read to or read with him/her
- Have your child pick his/her own books and discuss them
- Being supportive of reading
- Visit the local library

Thank you for your support in literacy -HAPPY READING!
